President's Foreword

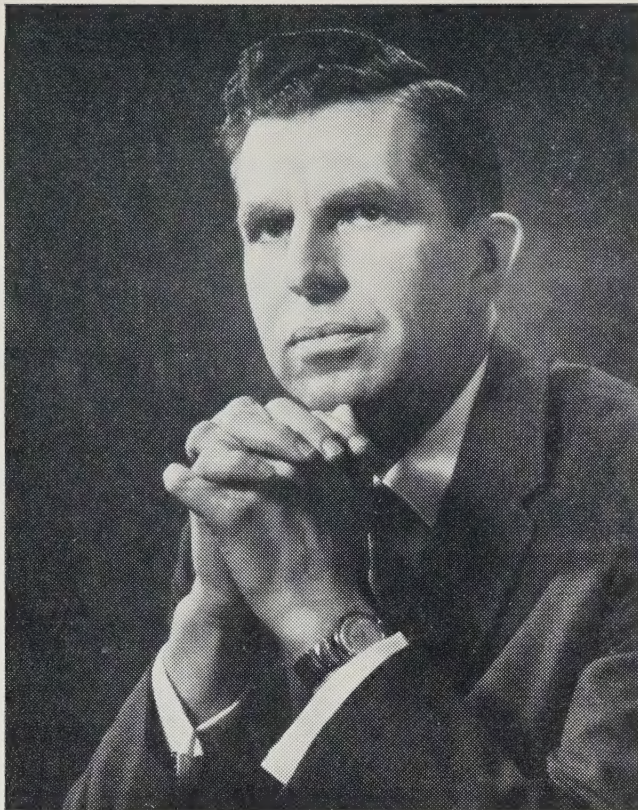

The Academy of Dentistry, Toronto, proudly presents your Year Book for 1961-62. Contained in this edition are our program activities for the coming season, together with calendars of your local society functions and meetings. It provides an insight into the increased activities carried on by the Academy and lists of the officers of all organized societies closely related to the Academy. Therefore, I suggest you carefully read this Year Book, familiarize yourself with its contents and retain it in a convenient place for reference.

This year you will notice that our program is commencing earlier with a new item — The Academy of Dentistry Annual Golf Tournament. This sponsorship we feel will provide greater enjoyment and fellowship for the members. It is our sincere hope that you will participate and enjoy this new venture.

Today's educational conditions, especially in the dental profession, bring to our attention new horizons of scientific knowledge, and it is more important today than ever before for dentists to turn to their Society in order to become fully informed for the progress of their profession. Our membership is increasing yearly, for which we are sincerely grateful, however, successful achievement is solely measured by the attendance and whole-hearted support of the members at meetings. The present program is in keeping with the high standards of previous years. Every effort has been made to gather outstanding talent from different sections of the country, to present material on many phases of Dentistry.

On behalf of the members of the Academy Council I urge you to send in your membership immediately in order that you may fully receive the many benefits the program affords. It is our earnest wish that each and every one will be amply compensated with inspiration from the scientific and technical aspects given and that you will enjoy again the traditional good fellowship of renewing old acquaintances and making new ones. Now, you may do your part by supporting your Academy with renewed vigor and enthusiasm and your membership.

A. E. HISTROP,
President.

DR. ARTHUR E. HISTROP — BIOGRAPHY

Dr. Histrop was born and raised in Niagara Falls, Ontario. He received his early education there and attended Stamford Collegiate Institute. On graduation in 1938, he enrolled at the Faculty of Dentistry, University of Toronto.

He enlisted in the Canadian Dental Corps with his class in August 1942, and upon receiving his degree of D.D.S. in March 1943, was posted with the R.C.A.F. No. 1 Training Command where he served for two years. His final year of service was on the east coast with the Army in No. 26 Company.

Dr. Histrop retired from the C.D.C. in 1946 and commenced private practice at Avenue Road and Eglinton, and practised there until moving to the North Toronto Medical Building two years ago.

Our President has taken an active role in dental society affairs, having repeatedly served on the Winter Clinic Committee and the Ontario Dental Association Convention Committee. He also served on the Council of the North Toronto Dental Association and became President in 1955. During the same year he was elected to the Academy Council and has continued to serve ever since.

Dr. Histrop is married to the former June Irene Dow of the class of 4T3 Dental Nursing, and has two daughters. He is a member of St. Margaret's Anglican Church. His hobbies are woodworking and in sports enjoys boating, fishing, hunting and skating. He and his family are members of the Toronto Cricket, Skating and Curling Club.

FIRST ANNUAL ACADEMY GOLF TOURNAMENT

ST. GEORGE'S GOLF AND COUNTRY CLUB

Friday, October 13, 1961

Tee off the Academy Year with fun and fellowship at this the First Annual Academy Golf Tournament (formerly the Toronto and District). Bring your own foursome or come solo. See you in the sand traps.

GOLF — DINNER — PRIZES

Tee Off: 11.00 a.m.

Entry Fee: \$10.00

ANNUAL DINNER MEETING

FELLOWSHIP HOUR 6.00 P.M.

DINNER 7.00 P.M.

MONDAY, OCTOBER 23, 1961

Guest Speaker:

ARTHUR MALONEY, Q.C., M.P.

Topic: "*Canadians and Their
International Obligations*"

Biography:

Mr. Maloney was born on November 26th, 1919, at Eganville, in the Ottawa Valley. In 1940, he graduated from St. Michael's College, University of Toronto, with a B.A. Degree, and in 1943 he graduated from Osgoode Hall Law School when he was admitted to the Bar of the Province of Ontario.

He was appointed Queen's Counsel in 1953, and is a Bencher of the Law Society of Upper Canada — the Benchers being the governing body of the legal profession in the Province of Ontario. Until 1956, he was National Chairman of the Criminal Justice Committee of the Canadian Bar Association, and was a member of the Senate of the University of Toronto from 1957 to 1960.

In April of this year, Mr. Maloney was appointed President of the newly-formed Canadian Catholic Education Council of Canada. He was, until he retired from this position in April 1960, President of the Governing Council of the Ontario English Catholic Education Association.

He became the Progressive Conservative Member of Parliament for the Federal Constituency of Toronto-Parkdale in June 1957, and was re-elected in the election of March 31st, 1958. In the parliamentary session after the election of June 1957, Mr. Maloney was appointed Parliamentary Secretary to the Minister of Labour but had to decline a re-appointment of this office in 1959 due to pressure of other work.

HONORARY LIFE MEMBERSHIP 1961

DR. P. G. ANDERSON

P. G. ANDERSON, D.D.S.

This year the Academy takes extreme pride in honoring one of dentistry's noblemen, Dr. P. G. Anderson. Andy, as he is known to his intimates, is held in high esteem by his confrères from coast to coast in Canada and by his many friends in the United States.

Dr. Anderson was born in Port Elgin, New Brunswick, and it was here that he received his grade and high school training. He graduated from Mount Allison University and commenced his professional life teaching school in New Brunswick prior to entering the dental profession. In 1928, he graduated from the Faculty of Dentistry, University of Toronto. From that time until 1957, he had a private practice in the Medical Arts Building, Toronto, as well as teaching as a part time lecturer and

clinician at the Faculty of Dentistry. Dr. Anderson is now Professor of Operative Dentistry and Director of the Clinic.

Dr. Anderson has given many years of dedication unstintingly and unselfishly in the affairs of organized dentistry. He is a Past President of the Canadian Dental Association (1954-55), a Past Chairman of the Publications Committee and until this year was Chairman of the Health Insurance Studies Committee of the C.D.A.

He has a Fellowship in the International College of Dentists; is a member of the Board of Regents, American College of Dentists, and is also a Fellow of this College. He is a member of the Xi Psi Phi Dental Fraternity and also belongs to the Omicron Kappa Upsilon Fraternity.

Dr. Anderson has given many clinics and essays across Canada and in the United States, and his exceptional skill in teaching has always kept him in great demand as an essayist, lecturer and clinician. He has achieved a high calibre of perfection as a teacher, administrator and technician, which is recognized by the profession.

His favourite hobby is woodworking, and in this field he well qualifies as a master craftsman. His productions are flawless masterpieces exemplifying his meticulous care and skilful ability. He is also interested in gardening, and shares with his wife a deep interest in the arts, especially sculpture.

Therefore, the Academy has chosen this occasion to honor him with its highest award.

ANNUAL WINTER CLINIC
THURSDAY, NOVEMBER 23, 1961
ROYAL YORK HOTEL

Luncheon Speaker: DR. HAROLD E. JOHNS

*Subject: "Some Aspects of Biology at the Molecular Level
as seen by a Physicist"*

Dr. Harold E. Johns has had a most distinguished career in the field of Physics. Graduating from McMaster University in Honour Physics, he received his M.A. in 1937, and Ph.D. in 1939 from the University of Toronto.

After lecturing at the University of Alberta from 1939-45, he moved to the University of Saskatchewan from 1945-56 as Professor of Physics. In 1956 he came to Toronto as Head of the Physics Division of the Ontario Cancer Institute and at the same time became Professor in Medical Biophysics, Department of Physics, University of Toronto.

In 1959 an LL.D. was awarded him by the University of Saskatchewan. Besides this, he writes, is a member of a large group of Associations, and this last year has been studying at the California Institute of Technology in the field of Biophysics, the topic on which he is to speak to us.

ANNUAL WINTER CLINIC
THURSDAY, NOVEMBER 23, 1961
ROYAL YORK HOTEL

The Winter Clinic Committee has endeavoured in its planning of the programme to cover all phases of dental science and procedure, and the clinicians assembled should more than satisfy all those attending. The knowledge gained, the fellowship renewed should make your participation in this year's meeting a highly satisfactory one.

GUEST CLINICIANS:

Captain Robert B. Wolcott, Great Lakes, Illinois

Subject: "*Operative Dentistry*"

Dr. Jesse R. Carlton, Chicago, Illinois

Subject: "*Prosthetic Dentistry*"

FIRST STATED MEETING

FACULTY OF DENTISTRY

8.15 P.M.

THURSDAY, JANUARY 25, 1962

Essayist: LEONARD M. MONHEIM,
B.S., M.S., D.D.S., F.A.C.D.

*Subject: "The Recognition,
Treatment and Prevention
of Emergencies in the
Dental Office"*

Various emergencies which could happen in the dental office will be discussed with particular reference to the general practitioner, therefore the stress will be upon local anaesthesia and medical emergencies. These occurrences will be outlined giving their symptoms for early recognition and the methods of treating them. A good portion of the lecture will be devoted to the means of prevention. The various drugs and other armamentarium necessary will be outlined in detail.

Biography:

Dr. Monheim is Professor and Head of the Department of Anesthesiology, University of Pittsburg School of Dentistry; Assistant Professor of the Department of Surgery (Anesthesia), University School of Medicine and is also on the Senior Staff of the Presbyterian and Woman's Hospitals, University of Pittsburg.

In organized dentistry, Dr. Monheim is a Past President of the American Dental Society of Anesthesiology and consultant on anesthesia to the American Dental Association. He has been awarded an honorary membership by the American Society of Oral Surgeons and a Fellowship in the American College of Dentists.

Dr. Monheim was responsible for organizing the first independent department of anesthesia in a school of dentistry in the United States.

He has written two textbooks on anesthesia, and a 2nd edition of one of these was printed last year. Three papers of his have been published, and another three have been accepted for publication.

SECOND STATED MEETING

FACULTY OF DENTISTRY

8.15 P.M.

THURSDAY, FEBRUARY 15, 1962

Essayist: NORMAN H. OLSEN,
D.D.S., M.S.D.

*Topic: "Evaluation of Factors
Contributing to Good Rapport in
Your Office and Mine"*

Summary:

There are numerous variable factors that contribute to good rapport in the dental office. The dentist should critically evaluate his relationship with the parent, child and auxiliary personnel. In addition to the personalities who enter into this relationship, there are numerous other variables, i.e. use of local anaesthesia, thorough knowledge of the anatomy of areas to be anaesthetized, the proper use of drugs as an adjunct to patient management, understanding the child at his particular stage of growth and development.

Biography:

Dr. Olsen received his undergraduate education at the University of Idaho and Creighton University, and obtained his D.D.S. at Creighton University in 1951. He then studied at Northwestern University where he obtained his M.S.D. in 1953. He was formerly Professor of Pedodontics and Chairman of that department at the University of Kansas School of Dentistry and also a member of the Mercy Hospital staff in Kansas City, Mo.

Dr. Olsen's present positions at the Northwestern University School of Dentistry are: (1) Associate Professor of Pedodontics; (2) Chairman of the Pedodontic Department; (3) Consultant, Cleft Palate Institute. He is also Head of Dental Service at the Children's Memorial Hospital and a member of the Evanston Hospital staff.

Dr. Olsen is a diplomate of the American Board of Pedodontics and a member of the Omicron Kappa Upsilon (National Honorary Dental Fraternity); the American Society of Dentistry for Children (of which he is Past President of the Illinois Unit); American Academy of Pedodontics; International Association of Dental Research; American Association for Cleft Palate Rehabilitation.

An eminent clinician, Dr. Olsen has presented essays to 15 various dental or medical associations in the U.S.A., and his papers have been published in many state dental journals as well as the Journal of the American Dental Association.

THIRD STATED MEETING

FACULTY OF DENTISTRY

8.15 P.M.

THURSDAY, MARCH 22, 1962

Essayist:

CHARLES H. M. WILLIAMS,
D.D.S., B.Sc.D.,

Subject: *"Practical Demonstrations
and Treatment Procedures used
in Periodontal Therapy"*

Several of the common therapeutic procedures employed in periodontal treatment which are well within the scope of the general practitioner will be demonstrated with the use of television. The clinical demonstration on patients will bring the dentist abreast of the various forms of treatment available.

Biography:

Dr. Williams graduated in 1927 from the Faculty of Dentistry, University of Toronto, where he also received his Bachelor of Science

Degree in Dentistry in 1928.

In 1939 he conducted a dental survey and investigation among the Eskimos of Canada's Eastern Arctic, and the results of this were published in the Journal of Periodontology in 1943.

Dr. Williams has given a great number of clinics and lectures on Periodontology in Canada, many cities in the U.S.A. and in Europe, and a manuscript of his, in joint authorship with Dr. David G. Watt of New Zealand was awarded First Prize by the Research Committee of the American Association of Orthodontists for 1951.

Offices and Positions held by Dr. Williams are as follows:—

1. Chairman of the Journal Committee of the Canadian Dental Association in 1943.
2. Chairman of the Advisory Committee of the Canadian Dental Association.
3. Originally Research Assistant on the staff of the Faculty of Dentistry, University of Toronto, which he joined in 1928, and now Professor of Periodontology and head of that Department.
4. Chairman in 1953 of the campaign to obtain contributions from members of the dental professional to finance an expanded research program.

PAST PRESIDENTS OF THE ACADEMY OF DENTISTRY

The Past Presidents of the Toronto Dental Society are identified as Past Presidents of this Academy. Below is a list of the Past Presidents indicating the year they held office:

MESSAGE FOR THE TORONTO ACADEMY OF DENTISTRY

The Officers and Board of Governors of the Canadian Dental Association send greetings to the Academy of Dentistry and best wishes for a very successful year.

In the days that lie ahead the work of the Academy, and similar dental organizations, in constantly striving for higher standards of excellence in dental practice, will become increasingly important as dentistry is faced by forces from without the profession which would be willing to disregard such standards.

It is sometimes difficult for officials in government and laymen in high places to appreciate the fact that quantity alone is not sufficient; quantity without quality can be a very expensive business, both from the standpoint of economics and also from the standpoint of the health of those receiving the service.

So we wish you every success in the very important work that you are doing.

WILLIAM MILLER,
President.

DENTAL PUBLIC HEALTH

Dental Health Day is being observed on Wednesday, March 14th, 1962 in conjunction with National Health Week.

A prominent citizens' committee has been formed by the Health League of Canada to bring about the fluoridation of the Metropolitan water supplies. Since some dentists have been asked to serve on this committee, in an advisory capacity, may each member of our profession render their full-hearted support to this public health service.

As in the past the Dental Public Health Committee is taking an active part in the recruitment and placement of dentists. This year with the help of the Grey-Bruce-Dufferin, Wingham and District and the Stratford Societies your Dental Public Health Committee is bringing students from high schools in these districts to Toronto. They will be shown the Faculty of Dentistry building and tendered a dinner here and will be housed for a night in the homes of Toronto Dentists. It is hoped that an interest in dentistry as a career will be broadened by this project.

Mediscope for the year 1961 was held during the Canadian National Exhibition in the Hockey Hall of Fame Building. The fine dental display shown here was due largely to the efforts of the Dental Public Health groups.

A new edition of "Your Child and Mine" has been developed and it is hoped that each dentist will avail himself of these booklets as an aid in educating his patients to the importance of dentistry for children.

In the past year a "Dental Health Index" was taken in areas where dental health officers existed. This project will be furthered in the coming year to include a broader area of the province.

A pilot project is now being initiated to supply teachers with visual aids in teaching dental health to public school children. It is hoped that in future years this project can be broadened to help in the teaching of dental health at all age levels.

Your Dental Public Health Committee needs your help to make its projects successful in the coming year.

ACADEMY TOUR TO THE INTERNATIONAL DENTAL CONGRESS — 1962

Last Call for Special Flight to XIIIth International Dental Congress of the Federation Dentaire Internationale Cologne, West Germany — July 7 to 14, 1962.

Your Academy has arranged a special flight for members and their families giving them an opportunity to see Europe and the British Isles at a greatly reduced cost. This tour is quickly being filled. Those who wish to participate should contact the Valentine Travel Service Ltd., 642 Bayview Ave., Toronto 17, HU. 5-0336, or the Academy of Dentistry, 230 St. George St., 924-8041.

ONTARIO SOCIETY OF ORAL SURGEONS

President:

A. E. HOB DEN

170 St. George St., Toronto

Secretary-Treasurer:

T. B. VAN DE MARK

45 Brunswick Ave., Toronto

The Ontario Society of Oral Surgeons is the official organization of the oral surgeons of Ontario. It meets four times each year to hear noted speakers and to conduct its business. The insurance committee of the society has been very active in the compilation of fee schedules and in negotiation with insurance groups who are underwriting surgical benefit insurance. Copies of the fee schedule are available to any dental or insurance organization upon request.

Membership in the society is limited to certified oral surgeons in Ontario, and applications for membership should be directed to the Secretary-Treasurer.

The society would welcome the opportunity of assisting in the planning of any scientific programme of any of the dental organizations in Ontario.

ACADEMY COURSE FOR DENTAL ASSISTANTS

This year the Academy of Dentistry, Toronto, is sponsoring an evening course program for training certified dental assistants. This is a continuation of the pilot course which was organized and conducted by the Royal College of Dental Surgeons of Ontario during the Fall, Winter and Spring months of 1960 and 1961. Applicants must have reached their 17th birthday and have completed Ontario Grade XI or equivalent. Direct enquiries to the Academy office, 230 St. George St. or Telephone 924-8041.

EMERGENCY SERVICE ROSTER

Are you fulfilling your obligation to your Profession and your Academy?

If you are not on the roster at present, phone the Academy office — WA. 4-8041.

SECRETARY'S REPORT 1960 - 61

The Academy of Dentistry has had an active year under the leadership of our President, Dr. Vernon Herron. Our membership consisted of 656 active members, 36 honorary members and 10 honorary life members.

Our year's activity opened with the Annual Dinner Meeting on October 13th, 1960, at the Royal York, where our guest speaker was Mr. P. McTaggart-Cowan, who spoke to us on the subject of International Meteorology. The other highlight of the evening was the presentation of an Honorary Life Membership to Dr. Roy G. Ellis for his outstanding contributions in the field of dental education.

The Annual Winter Clinic was again a great success with Dr. Arthur Histrop at the helm. As usual, essayists, group clinicians, table clinicians and all members of the Winter Clinic Committee made the day a memorable one for the record attendance. Mr. Joel Aldred gave a most interesting luncheon address on the Television industry and the new Channel 9.

The First Stated Meeting held in January, at the Faculty of Dentistry, marked the important change in locale from Osler Hall, belonging to the Academy of Medicine, which has been our host for many years, to the commodious accommodation in the new Dental School. Dr. Helmut Zander gave a most interesting talk on Recent Research Contributions to Periodontics.

Our Second Stated Meeting was an all-day clinic in February, held at the King Edward Hotel with Ralph Phillips as our essayist. His topic "Evaluation of Newer Dental Materials" was most acceptable to nearly 150 members of the Academy who took advantage of his wide fund of information.

Our Third Stated Meeting at the Dental School in March had Dr. E. R. W. Bilkey, Chairman of the Academy Mediations Committee speaking to us on "Mediations". This was an excellent opportunity for the profession at large to learn more about the worthwhile activity of the Academy. The 1961-62 Council was inducted into office at this meeting.

The Academy's Public Health Committee was actively involved in making Dental Health Day a success in the Toronto area.

The Dinner Dance shifted to the Regency Towers this year and again was a most enjoyable evening with excellent food, entertainment and music. More and more members are turning out to this strictly social evening.

Services sponsored by the Academy are the Dental Nurses' and Assistants' Registry operated by Mr. Ian Hannah and the Group Income Protection Insurance Plan operated by the United Casualty Agencies Ltd.

Mediations and the Emergency Service have had a full year, and with modifications and streamlining have become much more effective components of Academy life.

The Academy of Dentistry Prize in the Faculty of Dentistry, University of Toronto 1961, was won by and shared between P. I. Bodrug, M. Kushner, R. L. Moran and S. W. Zweig, to whom we wish all future success.

Respectfully submitted,

JOHN H. MULLETT.

AUDITORS' REPORT

The Academy of Dentistry,
230 St. George Street,
Toronto, Ontario.

Gentlemen:

RE: Annual Audit — March 31st, 1961

I hereby certify that I have made a detailed examination of the books and records of Receipts and Disbursements for the year ended March 31st, 1961, and attach the appropriate certified statements relating thereto.

The credit balance of \$5,410.31 with the Toronto General Trust Company's branch at 36 Bloor Street West, has been confirmed and Dominion of Canada Bonds, amounting to \$8,000.00, have been examined there.

Respectfully submitted,

D. H. STODART,

Chartered Accountant.

Toronto, Ontario,
April 18, 1961.
